

We manufacture Drills Left, Right and Centre!

We introduce ourselves as a leading manufacturer of HSS Twist Drills. We manufacture LEFT hand cutting, RIGHT hand cutting and CENTRE drills.

We are located near Bangalore and have the requisite machinery and expertise. Our personnel have 3 decades of experience in drill making.

We export our products to the USA and the UK and have a very satisfied clientele in these countries. Our customers in India include Grasim Industries, JK Tyres, Greaves Cotton, Honda Siel, DCM, Bridgestone, Siemens just to name a few.

Our strengths lie in our ability to provide our customers with very high quality products at reasonable prices and prompt deliveries. Now that you have the 'HOLE' picture, we look forward to fulfilling your needs for drills.

Our product range includes -

- Cobalt Drills
- LH Cutting Drills
- Quick Spiral Drills
- Drill with Tennon
- Special Drills for specific applications
- Step Drills
- End Mills
- Punches
- Ejector Pins
